

Accompanying Unaccompanied Child Refugees: The Challenges Facing Advocates and Activists

SEPTEMBER 26, 2018 | 12:00PM–2:00PM

The HOME Project is a unifying initiative set up to address the needs of refugees and refugee children in particular who have arrived in Greece alone. Through its programs it looks to provide relief from suffering to all those affected by the crisis and to give hope out of despair. The HOME Project exists to bring these people to safe haven. It provides security, dignity, and decent living conditions for the most vulnerable. It serves to recognize our common humanity and to do something for those who need it most. At the **HOME** Project, we **H**elp, **O**vercome, **M**otivate, **E**mpower. Together we hope to build a better future.
